THE BURNING OF THE NOTRE-DAME CATHEDRAL – De PARIS

(con't from the February issue)

On April 15, 2019, at 18:18 CEST, a structural fire broke out in the roof space of Notre-Dame de Paris, a medieval Catholic cathedral in Paris, France.

The fire, which investigators believe was started by a cigarette or an electrical short circuit, destroyed the cathedral's wooden spire (flèche) and most of the wooden roof and severely damaged the cathedral's upper walls. The vaulted stone ceiling largely contained the burning roof as it collapsed, preventing extensive damage to the interior. Many works of art and religious relics were moved to safety, but others suffered smoke damage, and some of the exterior art was damaged or destroyed. The cathedral's altar, two pipe organs, and three 13th-century rose windows suffered little or no damage. Three emergency workers were injured. The fire contaminated the site and nearby areas of Paris with toxic dust and lead.

The cathedral was closed immediately. Two days after the blaze, French president Emmanuel Macron set a five-year deadline to restore it. Notre-Dame did not hold a Christmas Mass in 2019 for the first time since 1803. By September 2021, donors had contributed over €840 million to the rebuilding effort.

More than 400 firefighters were engaged; another hundred government workers moved precious objects to safety via a human chain also including police and municipal workers.

The fire was primarily fought from inside the structure, which was more dangerous for personnel but reduced potential damage to the cathedral;

applying water from outside risked deflecting flames and hot gases (at temperatures up to 800 °C or 1500 °F) inwards. Deluge guns were used at lower-than-usual pressures to minimize damage to the cathedral and its contents, with water that was supplied by pump-boat from the Seine.

Aerial firefighting was not used because water dropped from heights could have caused structural damage, and heated stone can crack if suddenly cooled. Helicopters were not used because of dangerous updrafts, but drones were used for visual and thermal imaging, and robots were used for visual imaging and directing water streams. Molten lead falling from the roof posed a special hazard for firefighters.

Shortly before the spire fell, the fire had spread to the wooden framework inside the north tower, which supported eight very large bells. Had the bells fallen, it was thought that the damage done as they fell could have collapsed the north tower and then the south tower, and with them the entire cathedral. At 20:30, firefighters abandoned attempts to extinguish the roof and concentrated on saving the towers. Despite the risk of being caught in a collapse, a firefighter squad volunteered to attempt to put out the fire in the north tower, fighting from within and between the towers. Fourth Arrondissement Mayor Ariel Weil stated "At that point, it was clear that some firefighters were going to go into the cathedral without knowing if they would come back out." By 21:45 the fire was under control.

The cathedral reopened on 7 December 2024 after three years of reconstruction.

Editors note: I watched a special that aired on TV 12/01 regarding the reconstruction of the new roof and those who built the structure held fast to the original type of construction, ensuring that the Cathedral would last hundreds of years to come.

Getting yelled at?

Blair Post, HAS, BC-HIS, ACA
Board Certified Hearing Instrument Sciences
American Conference of Audioprosthology

Do you think that your spouse is yelling at you more often than usual? If you said yes, you are not alone in this. We recently had George come in and asked for adjustments to his hearing aids. I asked why and he said, "my wife is yelling at me morning and night."

I must have looked confused so he explained. He said, "When I last saw you I remember getting coffee in the morning and my wife came in with a booming voice asking me something. I told her I heard her and she didn't need to yell. She laughed and said something like well there's a first time for everything. This morning she said something to me and I missed it. Then she looked me right in the eyes and said loudly, "Go ask Blair to help you.. and me."

I didn't need to adjust his hearing aids in the way he was thinking. I didn't need to make them louder. I just needed to do a cleaning. The skin debris and wax particles will clog both the speaker and the mic screen. If the mic isn't taking in sounds then he can't catch what his wife said. Or if the speaker is clogged then no sound can be transmitted at a volume you can hear, then she will need to yell.

If you feel like everyone is yelling at you, or you are the one yelling. Please know that we can help make talking to each other easier. Call for an appointment to determine if the hearing aids need a cleaning, repair or service.

2ND ANNUAL BAY LAKE BEACH PARTY

Judy Gerarge, Debie Kreta, Marian Brooks

A wonderful event was held on Saturday, March 8th at 12:00. Our event was enjoyed with 92 participants and we would like to thank all of them for coming.

We enjoyed a luncheon of homemade sloppy joes, cole slaw, potato salad and baked beans. A special thanks to Debie Kreta for making and decorating 3 cakes. They were delicious.

Participants also enjoyed being entertained by Captain Dave and his steel drums.

A special thanks to my co-hosts, Debie Kreta and Marian Brooks. I would also like to thank all of the committee members.

SUNDAES ON SUNDAY

Ice cream sundaes will be served on April 6th at 6:00. HOA members pay \$1.00, all others pay \$2.00.

Now where can you get an ice cream sundae for \$1.00? At the clubhouse, that's where, thanks to our generous HOA.

MORE HELP NEEDED!

contributor Marian Brooks

We always need help. While some folks have signed up to chair certain future events, several events will need a designated chairperson to run the show, plan the menu, and find volunteers, etc. The 2025 Events sheet will be on display at the clubhouse in 2025 for those who wish to volunteer to chair an event.

Volunteers are always needed to chair and work each event. Some categories of volunteers are: Chairperson(s) to manage and plan the event, Kitchen Helpers (food preparation), Food Servers, Sink Duty (cleaning pots, pans, utensils), Set-up & Tear Down. To volunteer, please call the chairperson in charge of the event if you're inclined to assist. Many hands makes for an easier job.

NEEDED – one or two people to chair the Sunshine Committee.

YOUR MOST VALUABLE ACCOUNT

You probably have an online account that many crooks would value even more than your bank account. Really!

Hacking into your e-mail account might actually provide them easy access to all your other online accounts – including your bank and/or investment accounts. But you already knew that – right?

You did know that already if you've been an Event Alerts subscriber for a while. That's because an Alert went out not that long ago, describing how a Bay Lake resident narrowly escaped being victimized by a crafty crook pretending to be an Xfinity employee. Yes, he was trying to con the resident out of his e-mail password!

What exactly are the Event Alerts, you ask?

They are short e-mail "blasts" sent out whenever there are news items, announcements, events or activities you'd want to know about. The Bay Laker Newsletter is great, but like any printed information, it's pretty much out of date by the time you pick it up.

Alerts are the best way to stay on top of things at Bay Lake.

If you're not already a subscriber, becoming one couldn't be any easier. Just send Steve a request at: EventAlerts@SteveRollison.com

A brief "Please subscribe me," along with your name, is all you need to send.

NEWSLETTERS

Home delivery of our monthly newsletter will end in May or June. Or, you may pick up a copy at the clubhouse on or after the 1st of every month. Stay informed – read the newsletter. Folks always try to attend an event at the last minute simply because they didn't know about it. If you don't read **this monthly newsletter** then this is on you.

You can always access past newsletters on-line at www.BayLakeEstates.org.

HOA MEMBERSHIPS

HOA memberships are now on sale for 2025. All homeowners may purchase a membership for \$10.00 for the entire year. This is a fiscal thing, January – December.

Please note, when voting for the election of directors **only one member of the HOA per household** are allowed to vote, per #723 of the Florida Statute. Annual renters and occupants may purchase an Associate membership for \$10.00 a year as well. All members may vote on HOA issues and expenditures and attend HOA meetings. HOA memberships are important to receive discounts or to join special events, like the Welcome Back Breakfast, Ice Cream Social, Valentine's Day dinner and dance, Halloween Party and more.

Memberships will be sold at Saturday morning coffee and at association meetings, or by calling Steve Medich at 708-921-3367.

THE ELIZABETH DOLE FOUNDATION
-THE DOLE FOUNDATION FOR THE SEVERLY
DISABLED FOR SUFFERING VETS

Senator Elizabeth Dole's list of achievements demonstrates her lifelong commitment to service, made even more impressive by the fact that she was among the first, if not the first, woman to hold her positions. The following list is what her foundation is doing to change people's lives.

- Hidden Heroes Campaign
- Hidden Helpers Coalition
- Financial Wellness
- Mental Wellness
- Dole Caregivers Fellows
- Face The Fight

continued on page 10

Dole is the first woman appointed as the U.S. Secretary of Transportation.

A native of Salisbury, North Carolina, Elizabeth Dole graduated with distinction from Duke University as a member of Phi Beta Kappa, and earned a law degree from Harvard Law School, and a Master of Arts in Teaching from Harvard University. She served as Deputy to the Special Assistant for Consumer Affairs during the Nixon Administration, launching a career of dedication to public safety, for which she received the Humanitarian Award from the National Commission Against Drunk Driving and the Lifetime Achievement Award from Advocates for Highway and Auto Safety. She was selected for induction into the Safety and Health Hall of Fame International for her transportation, workplace, and blood safety accomplishments. In the fall of 2012, the National Safety Council presented her the “Flame of Life Award” as one of the century’s foremost leaders on safety.

Elizabeth Dole was only the second woman to serve as President of the American Red Cross, founded by Clara Barton in 1881. She restructured the world’s largest humanitarian organization during her eight years as president, serving as a volunteer in her first year. She led a massive transformation of the way the Red Cross collects, tests, and distributes one-half of the nation’s blood supply, to ensure that blood is safe to give and safe to get. Following the Red Cross, she sought the Republican presidential nomination, becoming the first viable female candidate from a major political party. Elected in 2002, Senator Dole became the first woman to represent North Carolina in the United States Senate.

Throughout her career, she has strived to help women and minorities reach their full potential. In her words:

“I believe in the innate goodness of the American people. I believe in the values that made this country what it is—courage, perseverance, generosity, faith, and a commitment to service.”

WHERE TO DINE – WHAT TO ORDER

contributor Michael M Kloian (912-547-2416)

BUFFALO WINGS – A 45 BILLION DOLLAR INDUSTRY

First originated in 1964 at the Anchor Bar in Buffalo, NY the **Buffalo wing** is an American cuisine and is an unbreaded chicken wing section (flat or drumette) that is generally deep-fried, then coated or dipped in a sauce consisting of a vinegar-based cayenne pepper hot sauce and melted butter prior to serving. They are traditionally served hot, along with celery sticks, and a dip of ranch dressing or blue cheese dressing (the latter being primarily served in New York). Buffalo wings are named after Buffalo, New York, where they were invented, and have no relation to the animal. They are often called simply **chicken wings, hot wings, or just wings**.

Buffalo wings have gained in popularity in the United States and abroad, with some North American restaurant chains featuring them as a main menu item. The name “Buffalo” is now also applied to other spiced fried foods served with dipping sauces, including boneless chicken wings (made from chicken breast meat rather than a chicken wing), chicken fries, chicken nuggets, popcorn chicken, shrimp, and cauliflower. It is also used for other dishes, such as pizza, that are seasoned with the Buffalo-style sauce or a seasoning.

If anyone reading this has a suggestion on where I/we can find GREAT, tender, juicy, wings in or near Nokomis please contact the Editor so we may sample them.

SULLY

Lets face it, any movie/film starring Tom Hanks is going to be great. And this one was not disappointing. This dramatic film proves that seasoned pilots have a feel for their plane despite the adversarial attacks on his ability to pilot during this film. The ending was perfect as was the direction of this classic film.

FROM THE LIBRARY LOUNGE

Carolyn Strano - carriestrano@gmail.com

April starts off with a whimsical holiday known as April Fools Day. No one is sure where this originated from, but some believe it to be inspired by Geoffrey Chaucer's story in "Canterbury Tales" called "Nun's Priests' Tale."

Here are some fool-ish quotes by famous authors:

"Wise men talk because they have something to say; fools talk because they have to say something".
- Plato

"Here cometh April again, and as far as I can see the world hath more fools in it than ever!".
- Dean Koontz

"Humanity is a parade of fools, and I am at the front of it, twirling a baton".
- Charles Lamb

"Our wisdom comes from our experience, and our experience comes from our foolishness".
- Sacha Guitry
